

The North Carolina Augmentative Communication Association

Proudly Presents:

35th ANNUAL CONFERENCE

"Looking Back Yet Forging Ahead"

February 22 & 23, 2018

WinMock Event Center • Bermuda Run, North Carolina

Call for Exhibitors

The 35th Annual North Carolina Augmentative Communication Conference is quickly approaching and we hope you will be joining us this year!

We are inviting vendors and manufacturers to be part of this exciting and informative conference that has drawn over 200 participants in past years from North Carolina and surrounding states. Exhibitors will have the opportunity to display their company's products and resources to therapists, teachers, parents, service providers, consultants, college students/staff and others involved in the augmentative and assistive technology fields.

Exhibitors can choose from 1 - 8 tables for displaying and selling products. Please understand that the conference committee and attendees expect exhibitors to demonstrate, answer questions, and share information about their products, without feeling pressured into buying from your company. The vendor hall will also be open to the public during the day Thursday and during the morning on Friday.

We would like to request that each exhibitor donate at least one item for our silent auction. The funds raised through the silent auction are used to provide scholarships to consumers and their families and to college students majoring in communication and special education related fields. The more funds we raise through the silent auction, the more scholarships we can award for attendance to the 36th NCACA conference.

If your company is unable to exhibit at our conference, we offer display areas for catalogs at a charge of \$ 75.00 per company. You may send as many cases as you desire, for display. *If your company is willing to donate at least \$100 worth of current product(s) to our silent auction and raffle, the catalog display fee will be waived.*

Thank you for your participation and support of the 34th Annual North Carolina Augmentative Communication Association Conference.

Sincerely,

Page Norris-Mikol, MAEd, CCC-SLP
NCACA Conference Co-Chair
